

We're hiring!

We are looking for a kitchen fitter/joiner to join our busy team.

What we're looking for

Fully qualified kitchen fitter/joiner. Experience preferred but we would consider someone early in their career with the right attitude and who demonstrates willingness to learn. Must have a full clean driving license. The ideal candidate will have their own basic joinery/kitchen fitter tools, but we can provide specific power tools for specialised work.

We are an independent business and a small team, and it is crucial that you buy into our ethos of providing quality kitchens and a fantastic customer experience. Customer service is our priority and being able to communicate confidently with our customers and suppliers is essential. Going the extra mile to ensure the customer has the best possible experience is a key part of what we do and means we maintain our 5-star customer rating across all platforms.

You will be working on your own for periods as well as part of a team so you must be self-motivated and flexible.

About us

The Pentland Kitchen Company is a small independent design studio based in Loanhead, supplying and installing kitchens all over Edinburgh and the Lothians. Our kitchens all come fully built and are some of the best on the market.

Key information

Salary: Negotiable depending on experience.

Hours: 40 hours a week, usually Monday to Friday but some flexibility on this will be required. For the right candidate we can be flexible on this.

Start date: to be confirmed, we can be flexible around current projects if you are currently self employed.

To apply please send your CV, salary expectations and a covering letter telling us a bit about yourself to aaron@pentlandkitchens.com for the attention of Aaron Mundin.

Please also provide two references from previous employers or customers.
