For too long our faith has been too minute, meniscal, overall raggedy. We have that half mast faith. We believe that God can do some things but not all things. We're Fickle. We need our bodies healed, our bills paid, and we aren't sure. Either let Him be God, or not God at all.
John 13:33
Can anybody tell you're a disciple of God? The disciples were lacking the very thing that they needed to be able to help.
Matthew 17:20-21
Fix- to go in and do a repair.
Jesus went to teach them saying that if yall had the faith, even a little bit of it, you would be able to move mountains, because that's how powerful faith is.

Faith is the currency of Heaven.
"Fasting helps you gain the perspective to be able to obtain the faith you need to see and receive the manifestation of your request."

Grab a hold to the currency needed so that you can obtain the things you need.
