## HYMN HISTORY:

After a horrific explosion left a young mechanic fighting for his life with serious burns, doctors were not optimistic about him living through the night. But his church congregation streamed into the church and prayed all day and night on his and his family's behalf for God to preserve his life. And on Easter Sunday morning, they received news that he had lived through the night and had a chance to recover. Bill & Gloria Gather took inspiration from this powerful display of the Body of Christ coming together as the **Family of God!**
