CHURCH of CHRIST

TEXAS

In Abilene, TX, Vinicio Montesdeoca seeks to replicate Jesus' model of discipleship with the goal of forming a church with disciples that organically impacts the community.

MEXICO

We support two works within the country of Mexico: the ministry work of Roberto & Jessie Rubio in the city of Leon, and the Preaching School in Huichihuayan.

HONDURAS

Little Hands, Big Hearts (LHBH) is an organization that serves children with special needs in the area around the city of Trujillo. Our youth group has visited here in 2014 and 2016.

HAITI

Hope for Haiti's Children provides basic community nursing and a Christ-focused education for impoverished children.

CYPRUS

Wayne Parker and his family seek to grow the Kingdom in Cyprus, including the northern Muslim territory, as well as equip and edify the growing church.

JAMAICA

We have supported Derrick and Norma Brown in the city of Spanish Town for over 44 years. Derrick is an active evangelist, mentor, and producer of BibleTalkTV, which we also support out of our Missions Sunday offering.

AFRICA

Leander members teach World Bible School students in Africa. In addition, we support Gospel Chariots / Gospel Share, a ministry which uses tractor-trailer trucks (chariots) to bring Gospel meetings, WBS literature, and member training to remote areas across Africa.

CAMBODIA

Phanat Ouch leads a team teaching the Bible to Buddhists in the city of Battambang. We have provided funds for the vocational training (HVAC repair and cake decorating) aspect of this school since it began in 2018.

LAOS

We are fully funding Xay Sodahuk as he strengthens persecuted Christians through deeper teaching and evangelism in rural Laos. Meeting in his own house, they gather for fellowship meals, Bible studies, and congregational worship.

PHILIPPINES

We support Charlie Sabado's ministry out of Tacloban City. As an outreach, they provide food to the needy children in their neighborhood every week and on Samar island every month. We also support his preacher training program.
