When we say "wild," what do you think of? When it comes to animals, "wild" usually refers to those that live in their natural environment. But "wild" can also describe something that is beyond what we could imagine! During Kids Camp, we're going to discover what it means to live with God and live for God—the way He created us to live and in ways that are beyond what we could imagine. Are you ready to begin your wonderfully wild life? Let's go!

Phones are allowed, but we encourage students to limit their use during worship, breakouts, and family activities. Leaders may ask students to put phones away during teaching or small-group times to help minimize distractions.
