2026-2027 Class Descriptions

Adventure Preschool exists to help families make a life-transforming connection with Jesus Christ while supporting them in educational goals for their children. We do this by setting learning standards for students that help them grow emotionally, academically and spiritually. We focus on incorporating areas of importance that encourage educational learning with fine and gross motor skills, phonics and literacy enhancement, and social and emotional development built into every aspect of our learning time. Our smaller class sizes give more opportunities for one on one interactions, creating positive environments that are led by two professional and nurturing educators.

Adventure Preschool uses *Pocket of Preschool* curriculum in all classrooms.

Adventure Preschool admits students of any race, color, national and ethnic origin to all the rights, privileges, programs, and activities generally accorded or made available to students at the school. It does not discriminate on the basis of race, color, national and ethnic origin in administration of its educational policies, admissions policies, scholarship programs, and other school administered programs.
