

Liberia Update 7-20-2026

Hello All!

I've been needing to write for some time and am finally sitting down to do so.

Latest news – we have the joy of hosting our son, Sam, for a couple of weeks after his summer class and before the semester begins back at Geneva College in Beaver Falls, PA. He is currently enmeshed in writing a major, 15-25-page, philosophy research paper as a writing sample for his graduate school applications that he will need to be getting submitted this fall along with taking a full upper-division load as he begins his senior year. Please keep him in prayer.

It is still possible, for those who feel the urge, to provide any financial sponsorship you like through Calvary Relief International by donating at <https://calvaryreliefint.com/donate/> but, to designate for Sam, please email me, grannamidwyfe@gmail.com

to state the amount, as I am tasked with keeping an account of that data. Otherwise, it will remain in the “where most needed” category and go elsewhere. Or, you may write a check to **Calvary Relief International** and mail it to P.O. Box 432, Soulsbyville, CA 95372 with a “Geneva Scholarship” notation in the memo line.

My most pressing reason for getting this letter out the door is to mention our primary Liberia Scholarship ministry, which is lagging in funds this term. As of today, we have accrued donations of \$11,946.70 of the \$18,040 needed to continue supporting the 160 students currently enrolled under these scholarships. If you have a desire to participate, you can contribute any amount through <https://ccsonora.com/give> and select “Liberia Scholarships” from the dropdown menu on the right under “**Fund**” or send a

check made payable to Calvary Chapel Sonora, PO Box 432, Soulsbyville, CA, 95372 with “Liberia Scholarships” in the memo line. Funds need to be received soon in order to be wired to Liberia the first week of August so our Liberia-side scholarship administrators have the chance to get students registered before the term begins. Most K through 9th students are \$80 per semester. Another \$25 each allows computer training for 30 students.

Finally, people have asked about our plans going forward. It appears that God is indicating that our season of living and teaching at ABCU has come to an end. Dave is expecting that his travel days have been completed, though he's open to the alternative, but we both feel that Kathi is not yet done with travel. This new season provides a prime focus on mother/baby and midwife ministry upcountry with Anita Wonbenyakeh (see her and her new birth center complex at right). A two-week trip is planned for January. More to follow on specific plans and how you can come alongside to be a part and make a difference.

Thanks for joining with us on the journey.

Grace & peace,
Dave & Kathi

Clockwise: Zorgowee, Loguatuo (x2), Duoplay, Camp 4 – 2025
