How do I start giving to my church through Subsplash Giving?

Jun 20, 2021•

Getting started with giving through Subsplash Giving is easy and quick. You can get through the process of creating an account and processing your first gift in just 30 seconds!

Note: Setting up a gift through your bank (ACH) takes a little bit of time to connect up with your bank. We recommend starting out with a gift on your credit or debit card for your first few gifts, until you can get ACH set up.

Getting started

To start giving, head to the giving page of your church or organization. This can be either on your computer or phone. If you're unsure where to go, check out this article on <u>logging in</u>.

Include the amount you want to give, select your preferred frequency, and click **Next**.

You will then be prompted to create your account. This takes just a few seconds to fill out the initial information. You can go back to fill out your profile at a later time.

Click **Sign Up** to continue through the process. You will be emailed a verification code to validate your email address. Enter that code on the screen and select **Next.**

Next, you can add your donation method. We recommend using a debit or credit card to start. Once you've given your first gift, you can start the process for linking your bank account (this can take a couple of days to complete) to give future gifts via ACH. To learn how to add your bank account, <u>click here</u>.

Once you've added your card information, your church/organization may require you provide a mailing address. If so, you will need to fill out your address information before you can submit your gift. Once complete, you can review and complete your gift - you're done!
