

# Elementary Parent Guide - April

## Scripture Lesson by Week

April 5 - Happy Easter! Family Service!

April 12 - General Epistles - Hebrews James

April 19 - General Epistles - 1&2 Peter, 1,2,3 John, Jude

April 26 - Revelation

## Finishing the New Curriculum

This January we started a new curriculum in our Elementary hallway. After a couple months of putting it into practice and receiving feedback, Tony and I feel led to switch things up again. We will be going back to the curriculum we were using before, with a few changes. This will start the second Sunday in May, after we wrap up Revelation. If you have any questions or would like to talk through this switch, please feel free to reach out to either Tony or myself. We would be happy to talk with you!

## Memory Verse

*Jesus Christ is the same yesterday and today and forever.*

*-Hebrews 13:8*

## General Epistles & Revelation

This month your children are learning about the general Epistles and Revelation. These letters are packed full of the truth of the Gospel, as well as discussing what a life following Christ should look like. The two weeks in Revelation, points everything to Jesus and gives your children tools to understand this often confusing book and the many symbols we see in it.

### **Discuss these questions with your family:**

What was your favorite letter that you learned about? Why?

Why do you think all of these letters made it into the Bible?

Why is the book of Revelation in the Bible?

What does it teach us?

## Resources

### **What's In the Bible?**

This is the curriculum we have gone through this semester. If your child has enjoyed it, look online for other resources and videos to continue their joy in learning about Jesus! We went through the entire New Testament, so dive into the Old Testament together as a family!

\*If you or someone you know would like to volunteer with cKids throughout the week (helping reset rooms, prepare crafts, etc.) please email me at
