

Elementary Parent Guide - March

Scripture Lesson by Week

March 1 - Epistles
March 8 - Paul's Letters
March 15 - Justification, Grace, & Faith
March 22 - Sanctification

New Curriculum

This January we started a new curriculum in our Elementary hallway. Your kids are not only learning what's IN the Bible, but also ABOUT the Bible's context, history, etc. We would love your feedback as a parent about this new curriculum. Are the take-home cards helpful? Can your child recall what they learned about? **Let us know!**

Memory Verse

And I am sure of this, that he who began a good work in you will bring it to completion at the day of Jesus Christ. -Philippians 1:6

Journey through Paul's Letters

This month your children are learning about Paul's Letters and other Epistles in Scripture. This allows for the gospel message to be repeated over and over, as well as digging into how these children can practically live out their faith.

Discuss these questions with your family:

If Paul wrote a letter to our church, what do you think he would say? What are we doing wrong, and what are we doing well?

Why was it so important for Paul to travel around to all of these churches?

Have you ever thought of travelling somewhere to tell others about Jesus? How can you do this right now in Cleveland, Tennessee?

Resources

Devotion

Consider buying a "Mom & Daughter" or "Father & Son" devotional to do with your child before bed each night. Establish a rhythm of being in the Word together in this way. There are so many family devotionals available anywhere you might look - Lifeway, ChristianBooks, Walmart, Amazon, etc. Some of my sweetest memories were doing a devotional with my mom before bed. There are 6 kids in my family, and this was one of the only times I got her all to myself! And what better things to talk about in that time than God and His Word!

*If you or someone you know would like to volunteer with cKids throughout the week (helping reset rooms, prepare crafts, etc.) please email me at ashleyf@thechapelcleveland.com :)
