

Bring Us Peace

© Joe Deegan. Words and Music by Joe Deegan

1. For all of the days we rebel and resist
For all of the times we look at you and we shake our fists
For all of the moments we wage war on you with our sin
Your turn your enemies to friends

2. For all of the suffering and pain of the poor
For all of the needs of our neighbors we ignore
For all the injustices that we cannot restore
Forgive and heal our hearts, oh Lord

CHORUS:

*Bring your peace, O Jesus, bring us peace
Bring your steadfast love to those in need
We might push and we might fight
As Jacob wrestled through the night
Bring us hope, bring us love, bring us peace*

3. For all of the shame and all the despair
For all of the brokenness that we cannot repair
For every burden that these shoulders cannot bear
The peace of God will find us there

CHORUS

4. For every sorrow and every fear
For every voice that cries when no one's there to hear
For every soul whose faith has all but disappeared
May his peace find you here

CHORUS
