

# Gentle and Lowly

1. Lord, make us servants in your house  
And consider others better than ourselves  
Lord, make us humble, make us meek  
Quick to hear, slow to speak

## (CHORUS)

Make us gentle and lowly in heart  
That we might demonstrate who you are  
For your yoke is easy, and your burden's not hard  
Make us gentle and lowly as you are

2. Lord, take our burdens, and give us rest  
That we might know the poor in spirit shall be blessed  
Take our ambitions, take our dreams  
Make us still enough for you to wash our feet

## (CHORUS)

Make us gentle and lowly in heart  
That we might demonstrate who you are  
For your yoke is easy, and your burden's not hard  
Make us gentle and lowly as you are

## (BRIDGE)

Make us lovers of the truth while loving others who do not trust in you  
Give us courage not to be proud, to do the work that goes unnoticed by the crowds  
Hide our right hand from our left, do not give us over to self-righteousness  
If love is patient, if love is kind, if there's no greater love than laying down our lives

## (CHORUS)

Then make us gentle and lowly in heart  
That we might demonstrate who you are  
For your yoke is easy, and your burden's not hard  
Make us gentle and lowly as you are  
Make us gentle and lowly as you are
