

# Jesus Walks

© 2021 Joe Deegan. Words and Music by Joe Deegan

1. Jesus walks through every suffering  
Every sorrow and every grief  
Through every trial and tribulation  
The Lord is near to those who weep

## **(CHORUS)**

Jesus walked through deepest valleys  
For his bride to be made new  
Jesus healed our deepest pain  
By walking out of an empty tomb

2. Jesus walks when we are running  
That our frenzied pace might slow  
We find that grief is like a sabbath  
When we grieve as those who grieve with hope

## **(CHORUS)**

Jesus walked through deepest valleys  
For his bride to be made new  
Jesus healed our deepest pain  
By walking out of an empty tomb

3. Jesus walks in Resurrection  
Jesus sits at God's right hand  
And those who trust in the hope he's given  
Will find their sorrow and suffering will not last

## **(CHORUS)**

Jesus walked through deepest valleys  
For his bride to be made new  
Jesus healed our deepest pain  
By walking out of an empty tomb
