

The Lord Is Good

© 2019 Joe Deegan. Words and Music by Joe Deegan

1. Let us walk in humility
Let us serve one another patiently
Let us love our neighbor and our enemies
As the Lord has loved you and me
2. Let us enter into suffering
Let us hold one another in our grief
Let us not forget the song we sing
He is good even when we cannot see

CHORUS:

*The Lord is good, the Lord is good
He may not be safe, but he is good
The Lord is just, the Lord is kind
The Lord is wrath and love at the same time
The Lord will rule just as he should; the Lord is good*

3. Let us lift up holy hands
Though we may not understand
Every wound we bear and every doubt we have
Of a God who's both a Lion and a Lamb
4. Let us lift our eyes and see
A God who suffers willingly
A King who enters into our sorrow and our grief
A shepherd who never leaves his sheep

DOUBLE CHORUS
