

We Believe

© 2021 Joe Deegan. Words and Music by Joe Deegan

1. We believe that God created us
And all things from nothing out of love
Oh we believe
We believe his Word is good and true
We believe he's making all things new
Oh we believe

We believe that we deserve his wrath
For our sins and disobedience
But we believe he bore our punishment
And he ransomed us, and he paid our debt
Oh we believe, oh we believe

2. We believe the Holy Spirit lives
In the hearts of those who trust in him
Oh we believe
We believe that Jesus loves his church
Despite all her failures, his smile is on her
Oh we believe

We believe the devil wages war
And he tempts the remnant of the Lord
But we believe our Savior overcomes
By the power of his precious blood
Oh we believe, oh we believe

3. We believe he's coming back again
He will dwell with us, we will walk with him
Oh we believe
We believe that Death will be destroyed
And the curse will die and the earth rejoice
Oh we believe

We believe he'll take our tears and pain
And the former things will pass away
We believe his tomb is empty now
Just as ours will be when that trumpet sounds
Oh we believe
