# WELCOME TO MISSIONS EMPHASIS WEEK

SEPTEMBER 26–OCTOBER 2, 2026

This year's Missions Emphasis Week is centered around a simple question:

*Where is your place in God's mission?*

Throughout the week, we are excited to highlight six of our Global Partners and provide a variety of opportunities for our church family to get to know them, hear about their ministries, and learn more about how God is at work around the world.

As followers of Christ, we are all called to participate in the Great Commission of Matthew 28:18–20. But participating in God's global mission does not look the same for everyone.

The **Six Ways to Reach God's World**, a framework developed by OMF (Overseas Missionary Fellowship), gives us six practical and interconnected ways to take part:

## GO

Serving God in a different culture

## WELCOME

Befriend those here for work, study, or a new life

## LEARN

Exploring and studying what God has stirred in your heart for missions

## SEND

Support missionaries through giving and encouragement

## MOBILIZE

Inspire others to join God's mission

## PRAY

Committing to pray for a specific missionary, ministry, or people group

Some are called to go. Others play a vital role by sending. God may provide opportunities to welcome people from around the world into our own communities. We can mobilize others, deepen our understanding of God's heart for the nations, and faithfully pray for those carrying the gospel throughout the world.

**Each of these roles matters.**

Through them, every one of us can participate in God's redemptive work around the world—bringing the gospel to the nations and making disciples of all peoples.

As you participate in Missions Emphasis Week, we encourage you to listen, learn, pray, and ask:

*Where is God inviting me to take my place in His mission?*

*"We are ambassadors for Christ, God making his appeal through us."*
