

Dear FBC Watsonville,

8/27/2026

We are so happy to report to you all the work of the Lord in this past year! At our 2025 Vision Dinner we set forth 3 accelerators:

- **First was to train 75 new volunteers in the course of the year**, and last Saturday we trained our 77th volunteer! These volunteers have served in Good News Clubs, Christmas Party Clubs, and summer outreaches - bringing the gospel to hundreds of children.
- **Our second accelerator was a summer ministry push** - God brought 2 incredible teens to Christian Youth in Action this summer, and we were able to give them full scholarships. Then those teens and others from Northern California helped us share the gospel with over 300 children this summer alone!
- **Finally, we wanted to hire a ministry coordinator for Santa Cruz County** - and in the amazing grace of God on August 10th Mariela Pizarro Silva started serving with CEF NorCal Central Coast! Mariela brings years of knowledge as a teacher, an incredible networking acumen and a passion for the Lord and His work in the lives of children. Mariela has already brought some key conversations to the table, and will prayerfully enable our ministry to thrive in Santa Cruz County.

All three accelerators were MET - only by the grace of God!

Thank you so much for partnering with us last year; your friendship with this ministry was essential to the achievement of these ambitious accelerators!

If you haven't already made plans to attend our [2026 Vision Dinner](#) on September 18th, we would love to have you join us this year - come hear the incredible vision God has laid on our heart for 2027!

In Him,
Keri Beck
