Subject: Prayer

Good evening,

I've been trying to think of something different to send you. My needs and requests are pretty much the same from month to month. I'm teaching around 60 Bible studies a month, so I need the wisdom and enlightenment of the Lord in order to get across His truth in a way that people will understand, both here in Twin Falls, and in my distant classes in Colombia and Europe. Pray that God will prepare the heart of each person that receives the classes.

I also pray regularly for the teachers who are using the material I wrote for children. Some of the teachers studied the same material when they were children, and some are even third generation.

A number of people that have classes with me have health needs, ranging from cancer to frequent virus infections.

I'm currently writing an in-depth, verse-by-verse study of Isaiah. Learning a lot, and I pray that it will be a blessing to the people who study the course.

Thank you for your continued prayer support! I'm also very thankful for the generous financial support of the church through the years. May the Lord repay you and the whole church body with blessings, both material and spiritual.

With love and appreciation,

Sue Seiferling
