

March 2026

Dear,

Hello friends and family and a **HAPPY SPRING** to you! We are preparing for (as I'm sure you are) the coming of Easter this week! My favorite part of Easter is our yearly Seder meal that myself and the kids attend (*hosted by Promised Land Nazarene Church*). Every year I am able to take away something new. We read together the same Scripture the disciples and Jesus would have recited at the Last Supper and eat the traditional foods they would have eaten. **But most importantly, it is a celebration of the FINAL lamb that was sacrificed at Passover for the sins of the many.**

This month we have been going through “**The Full Story**” series, starting with Adam and Eve’s original sin and ending with Christ. This week we discussed the idea of worthiness with our kids and what makes them feel worthy (grades, being nice, etc.). Many of our kids mentioned feeling unworthy when they fall short of their own and other’s standards. We ended the night with the message that none of us are worthy. *We all have fallen short of the mark. **But the Lamb is worthy to take our sin and failings, if we accept Him.*** Pray that this gospel message would pierce every student’s heart that they might come to know Him.

**April 17<sup>th</sup>** we are planning on hosting a “**Nugs and Movie Night**” with the intention of bringing some new kids into the fold! The two weeks leading up to the event, my team and I will be attending some sports games at Liberty High School to meet kids and invite them out. *Please pray for **boldness and encouragement** for myself and my team as we approach new kids.* Pray that God will open doors of connection and conversation and that he will lead us to the kids who need Jesus the most. In upcoming news, Heatwave is on the horizon (**More info on our needs to come in my next Newsletter**)! *Please be praying as we encourage our students to participate in this life-changing event.* As always, thank you for your encouraging prayers and financial support. **May Christ bless you and reign in your hearts this Easter season.**
