

Livestream Chat Host

Helping people worship together, even when they're watching from home.

THE DIFFERENCE YOU MAKE

Every week, people join us online because they can't be with us in person. As the Livestream Chat Host, you help them feel welcomed, connected, and valued by creating meaningful interactions throughout the worship service.

RESPONSIBILITIES

- Welcome people as they join the livestream.
- Post timely chat prompts throughout the worship service.
- Encourage participation and interaction.
- Respond to comments and questions when appropriate.
- Share prayer requests or important needs with church staff.

TRAINING

No Experience Needed

We'll provide training, sample chat prompts, and practical tips so you'll feel confident engaging with people online.

READY TO GET STARTED?

We'd love to answer your questions or schedule a short training session. Contact:
