

Local Service Projects

Using your time and skills to meet practical needs close to home.

THE DIFFERENCE YOU MAKE

Local Service Projects offer practical ways to care for our neighbors and support community organizations. Opportunities vary and may involve physical work, creative skills, or simply a willingness to help.

Past projects have included Habitat for Humanity, flood response, cutting wood for Corn Creek, creating wheelchair components for Hope Haven, and seasonal cleanup days.

RESPONSIBILITIES

- Choose service projects that fit your availability, interests, and abilities.
- Follow instructions from the project leader or partner organization.
- Work alongside others to complete the project safely, respectfully, and with care.

TRAINING

No Special Experience Needed

Instructions and any necessary training are provided for each project. Age, ability, or skill requirements vary with the work.

HOW YOU SERVE

Opportunities: Offered throughout the year

Commitment: Choose individual projects that fit your schedule

Details: Timing, location, and activities vary by project

WHAT SERVING LOOKS LIKE

- ✓ Meeting practical needs close to home
- ✓ Using your skills in meaningful ways
- ✓ Serving alongside people of different ages
- ✓ Supporting local organizations and neighbors
