

PM Service Piano Accompanist

Singing hymns is a time-tested way for God's people to connect with each other and with Him. Piano accompaniment provides a strong foundation for congregational singing.

THE DIFFERENCE YOU MAKE

Many FRC members and friends love to sing classic hymns that are well-known and rich in theology. The PM service uses good and great hymns along with prayer and the preaching of the Word. Assisting at the piano allows worshipers to visit and revisit hymns that have blessed them in the past and present.

RESPONSIBILITIES

- Prepare and present an appropriate prelude prior to worship.
- Accompany the congregation in singing the chosen hymns.

TRAINING

Piano Experience Required

Strong piano skills are required, including the ability to play most any hymn.
