

WHERE WE GO FROM HERE

A Series Review | November 15, 2026 | K1 Church

ABOUT THIS CONVERSATION

For eleven weeks we have held the early church up against the church we know and asked God to show us where we have drifted. Today we gather it up, not to review information but to ask what has actually taken root. Seasons change in every church and in every life, and Acts keeps showing us a church that was never meant to run on the strength of a few people, or to depend on everything staying the same. Jesus said He would build His church and that nothing would overcome it. He is its foundation, His Spirit is its life, and because we belong to Him we belong to one another.

WHERE WE'VE BEEN

- **A Spirit-Dependent Church** Acts 1:4–8 Jesus told a capable, committed group to wait.
- **A Devoted Church** Acts 2:42–47 Not a service to attend, a family to belong to.
- **A Cross-Shaped Church** Mark 8:34–35 Jesus asks for your life, not a better version of it.
- **A Rested Church** Hebrews 4:9–11 We stop so that we can dwell with God.
- **The Church as a Body** Acts 6:1–7 Ministry belongs to everyone, not to a few.
- **A Praying Church** Acts 4:23–31 Prayer as instinct, not as last resort.
- **A Holy Spirit Empowered Church** Acts 1:8 The most dependent church, not the best organized.
- **An Open-Handed Church** Acts 4:32–35 Open hands receive, and then they give.
- **A Discipling Church** Matthew 28:18–20 Ordinary people helping others follow Jesus.
- **A Changing Church** Luke 24:50–53 They faced the biggest change and returned with joy.

DISCUSSION QUESTIONS

1. Look back over the eleven weeks. Which message has stayed with you? Not the one you think should have, the one that actually did.
2. The series kept returning to one idea: we can believe something is true without letting it form us. Where has that gap been widest in your own life?
3. Pastor Jenna asked whether prayer is our instinct or our last resort. When something unexpected lands on you, what do you actually reach for first?
4. Acts 2 described a church that shared burdens, not just a church service. Acts 6 showed that ministry belongs to the whole body. What would it look like for this group to carry weight together in the weeks ahead, and what part would that ask of you?
5. **This week:** In Luke 24 the disciples faced the biggest change they had known, and Luke says they worshiped him and returned to Jerusalem with great joy. Not because they liked change, but because years with Jesus had taught them He was worth trusting with what came next. Name one thing from this series you want to actually live, and one person here who will walk with you in it.

A Note for This Week:

This conversation does not need to reach conclusions. Some will have a lot to say and some will need to sit quietly, and both are fine. Make room for honesty, resist the urge to tidy it up, and close by praying for one another.
