REMOTE ALASKA MISSIONS

December 17, 2025

Hello to All,

We have some things to share. Some great and some not as exciting. We are looking forward to see how the Lord uses all of this. I want to share the good stuff first and ask that you pray with us about the other.

First of all, when we wrote last, Harold Simon had passed away. That was my first funeral in the bush. We had been praying for his lost loved ones to be saved. God answered that prayer! In October while we were in the interior, his daughter Tasha let my wife and I share scriptures with her for an hour and a half. That evening she asked Christ to forgive her to be her Savior. She was so happy and so were we! Immediately we connected her with some friends that started taking her to church. The first week was their missions conference and she attended every service!

Secondly, we finally met a 7-year goal! We have wanted an updated video that would explain the ministry, both summer and winter. After we heard about Lens Of The Harvest ministry, we began 2 years of dialog and videoing during three trips around the state. The goal was to have a video that other missionaries could use as well. I must warn you that it is 44 minutes. However, all of my preacher friends who've seen it, only said WOW and that they're glad they spent the time to watch it. You can find it at: [www.AmericasBackyardFilm.com](http://www.AmericasBackyardFilm.com)

Third, I want to ask that you pray for my immediate family and also for my mom. Most are aware that all of my daughters were abused by a man and we have been dealing with that. Things are getting "better" no doubt. We appreciate everyone who has reached out, not to ask 'what happened', but to let us know that you are praying for the girls! THANK YOU! My mom is 88 yrs old and fell. She required 24 hr care so we needed to get to North Carolina and assess whether she needed to go to nursing care. Family and friends watched mom around the clock until we could get to NC. We visited four churches along the way that sent us away with food, fuel, and funds to cover the entire trip! Janet has spent evenings with mom as required. My goal is to have my wife and children travel with me to supporting churches while down here.

Lastly, we plan to be in the lower 48 until sometime in May. We have been assured that the ministry will be maintained over the winter. Two men at the church in Anchorage who have LOTS of experience traveling with us and using our equipment have committed to take all of this responsibility off of my shoulders so that we could be out for the winter. Five years ago when we were out, we didn't make it to many of our supporting churches. We would like to schedule a meeting with you. PLEASE WATCH THE NEW VIDEO. Maybe a special church service would be in order. If you want to schedule us in, please call me. We hope you know how much we appreciate your understanding, prayers, and support. May the Lord bless you all!

*"The Lord is not slack concerning his promise, as some men count slackness; but is longsuffering to us-ward, not willing that any should perish, but that all should come to repentance." II Peter 3:9*
