### **UNDERSTANDING**

**READ [HEBREWS 12:1-3](#).**

**What is it that hinders your relationship with God?  
(doesn't necessarily have to be "bad" things)**

**Are there steps you can take to release these to follow Jesus more closely?**

**What is a "pet" sin you justify or that entangles you?  
(You cuddle and coddle it and justify it instead of keeping eyes/mind on Christ.  
Could be things like your attitude, the way you speak to yourself or others, something  
you watch or do, etc.)**

**To endure the perseverance and "race", you must consider Jesus in everything. C.S. Lewis said "If Christianity is true, it is infinitely important. If it's not true, it is of no importance. The only thing it cannot be is moderately important."**

**How can you make your walk with Christ infinitely important?**
