Pastor Roy's Sermon on Hebrews 2:1-18
(October 28, 2026)
—Below are questions from that lesson to further our understanding—

1. In the same way that George Wilson refused his pardon and sealed his fate, how might a person today effectively refuse the pardon offered through Christ, and what does that refusal look like in practical, everyday life?
2. The sermon describes spiritual drift as a slow, gradual process rather than a sudden fall away from God -- what are the earliest warning signs of drift in your own life, and what disciplines have you found most effective in anchoring yourself before the drift becomes dangerous?
3. Hebrews 2:3 asks the sobering question of how we shall escape if we neglect so great a salvation -- what is the difference between outright rejection of Christ and neglect of Him, and which do you think poses a greater danger to the average churchgoer?
4. The sermon outlines three progressive stages of salvation: redemption, sanctification, and glorification -- which of these stages do you find most difficult to fully embrace or understand, and how does a clearer grasp of all three change the way you live today?
5. Christ willingly stepped out of Heaven, took on human flesh, and tasted death for everyone according to Hebrews 2:9 -- how does the voluntary nature of His suffering deepen your personal sense of gratitude and responsibility toward Him?
6. The sermon emphasizes that Jesus is described as the founder and author of our salvation who was made perfect through suffering -- what does it mean to you that the path to glory, both for Christ and for believers, runs directly through suffering rather than around it?
7. Hebrews 2:11 reveals that Jesus is not ashamed to call redeemed sinners His brothers -- how does this truth about your identity as a fellow heir with Christ challenge or reshape the way you see yourself and the way you treat other believers?
8. The sermon points out that Satan currently holds a temporary rule as the prince of this world, blinding unbelievers to the gospel -- how should the knowledge that this reign is limited and will be completely abolished shape the urgency and confidence with which we share our faith?
9. Because Jesus was tempted in every way as we are yet without sin, He is uniquely qualified to help us in our moments of temptation -- in what specific areas of your life do you most need to draw on the sympathetic intercession of Christ as your High Priest?
10. George Truett said that the whole world is a battlefield covered with wrecks occasioned by neglect -- looking honestly at your own spiritual life, what is one area where neglect has caused the most damage, and what concrete step can you take this week to address it?
