

Multiplier - Step 4

- **Read 1 John 2:13-14.** The passage is written by John, who encourages the children, young men, and fathers. John is leading, almost like a grandfather, cheering on the next generation and equipping them to live for Jesus.

In this step, you might be characterized by:

- **Discipling Legacy** - The Multiplier's main role in life is to cheer on the next generation of believers, engagers, and ambassadors. They spend a lot of time praying for the next generation and or pouring their life into the next leaders. They may lead the church, plant churches, serve as missionaries, serve as prayer warriors, equip the equippers, and encourage others to keep going.
- **Church Worship** - You are teaching others and championing God's work at church. You are focused on leading by example and helping the church take their next step with Jesus.
- **Community** - You are leading community groups or cheering on those who lead. You live your life in community and with humility. You are characterized by hospitality, and you invest your life and that of your family into the mission God has for you.
- **Equip** - You know your theology and equip those who equip others who do the work of the ministry. You train volunteers and volunteer leaders. You aren't just thinking about your impact but about how you can help others have an impact.
- **Serve** - You are serving alongside others and finding ways to empower others to serve.
- **Outreach** - You view your life as if it is God's and you live on His mission. You have regular gospel conversations with those around you. You train others to live their life on a mission for Jesus.
- **Prayer Life** - Your prayer life has expanded to focus on multiplying God's work locally and around the world.
- **What you might struggle with or need to overcome** - Weariness. You are all in for Jesus, but not everyone you pour into will be all in. This can cause frustration and weariness. You see the pain of this world and the change that must happen in lives, but you know you can't make it happen. You recognize and hate your personal sin. You know it can cause huge ripple effects on your walk with God and in the lives of those around you. You must learn to rely on God and trust His grace with your sin along with each step of your walk with Him. Draw closer to Christ, because you know He changes your heart and helps you walk humbly, living as an example of Christ's love and grace.

Questions for the Multipliers:

- **Which of these characteristics characterizes you?**
- **Where do you feel like you could take another step in your spiritual development?**

Next Steps for the Multipliers

- **Church Worship**- You are teaching the Word of God in different capacities. Group leader, kids or youth teachers, church planting, missions work, serving but showing how the service relates to God's Word, etc... You also may be older and you've dedicate your life to prayer for those who are serving, cheering them on!
 - **Community** - You are leading community groups or involved in intentional 1-on-1 discipleship relationships. You are supporting others who lead and cheer them on. You live in godly community with others.
 - **Equip** - You are equipping the equippers, whether through prayers or by teaching them how to lead. You may create curriculum and lessons to teach. You spend your time with others so they can learn
 - **Serve** - You can constantly encourage others with their gifts. You champion others who serve, and you point out where you see God at work in their lives. You serve alongside people as you lead.
 - **Outreach** - You spend your time with the lost and with those who long to reach the lost. You open your life and home so they can experience Jesus through you. You help others identify what stage of development investigators are in, so they can apply our outreach strategy of "care, love, share" to their situation. You can pray regularly for the lost and actively share the gospel with "your one person."
