

DEAR FRIENDS,

Happy Fall from Spokane, Washington! I'm filled with such excitement and gratitude as I look back at this semester and forward at what's to come. I want to share some glimpses into my time here with YOU!

THIS SEMESTER AT MOODY

Like all of my semesters at Moody so far, this past semester has been full! Most of my aviation specific courses up to this point in my studies have been focused on studying aircraft maintenance. With this, I am glad to share that as this semester comes to an end I will be able to begin testing for my airframe and powerplant (A&P) licenses. With these I will be able to legally perform maintenance on aircraft! Most recently, I have been putting this knowledge into practice in my engines course. I had the privilege of being the leader of my lab group for our engine teardown project. One of our engine components, that should move, was so stuck it held my weight (pictured bottom right)! Thankfully, we were able to repair it and it ran just fine! This has been my favorite project thus far!

CONTACT INFORMATION

I am deeply grateful for each of you and for your presence and impact in my life. If you have questions about my studies at Moody or have opportunities for me to share within your church, please reach out! So much I do is possible because of your prayerful support. Thank you!

October 2024 Prayer Letter

COMING UP THIS SPRING

I have looked toward the flight program at Moody for quite some time and can't wait to officially begin in the program this coming Spring. My focus will shift towards flight, as we will work on making flight plans, understanding navigation and weather, and ultimately spending some time in the air. It's going to be fun!

PRAISES & PRAYER

- The Lord has been at work in the youth group I am serving at church. Continue to pray for these students!
- By God's grace I was accepted into the flight program and can continue to move forward in the program!
- For continued growth, perseverance, and strength to finish this semester.
- For discernment as I decide details of future missionary service.
- Let me know how I can pray for you!
