What's New

SPRING SEMESTER

This semester has been a blast so far! It has its challenges, but it has been so fun. I finally started advanced training and am training to be a pilot. This semester we began our private pilot section and started with ground school. We are learning things like airmanship basics, navigation, and meteorology. The goal for this semester is to complete my first solo flight! This semester has also been really difficult so far and may be one of the most difficult semesters I have faced! Please pray that I would endure through the semester and challenges of this program!

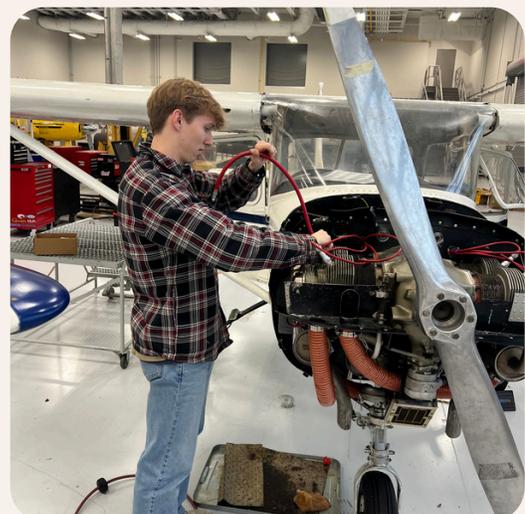

WEEKEND RETREAT

This semester I had the opportunity to serve my church youth by going on a winter retreat at Camp Spalding. Often because of the busyness of school I am unable to attend these events, but this one worked out! It was a great time and I got to connect more and study Titus with my guys!

Winter Break

This winter break my family and I went on a Christmas vacation to Disney World! Also, I was able to travel home to South Carolina to test for my maintenance licenses! An old neighbor of mine is a licensed examiner and I was able to test with him and get my airframe and powerplant license!

SPRING 2025

Prayer Requests

Recently my roommate finished school and moved back home to join the army. So, I have been looking for a new roommate and have been unsuccessful so far. The full rent and full work that we were splitting I am now juggling by myself and it is difficult. Please pray that I would find a new roommate!

The Lord Prunes

One thing the Lord has been teaching me throughout this semester has been self-control. Through the busyness of the semester I have had to learn to delegate my time and prioritize certain things over others as well as give up some comforts and things I love to do, to do what he has called me to. With the youth we studied Titus and Paul commands for the older men to teach the younger men self-control. I think that this is a staple virtue for men, and one all other virtues stem from. I still have a lot to learn and am not perfect with my time and the things I need to do. However I am learning and growing in those areas.

Financial Needs

- Rent: \$550/mo
- Pilot bag and headset: \$100 + \$1300

If you would like to contribute to my missionary aviation training, and do not need a tax deduction you may send a check payable to me directly. You may also send a check payable to **Moody Aviation** and mail to: Moody Aviation 6197 E Rutter Ave. Spokane, WA 99212. Be sure to include my student ID: 4363227 in the memo line. It will be applied to my account.
