*Tips and info about the plan on the next page**

Here are some things to keep in mind as you begin your reading plan:

- **Commit to all 12 weeks, whatever that looks like!** If you are able to read each passage and never miss a day, amazing! If you miss days but jump back in and keep going, you're awesome! Maybe you don't want to start with all 3 passages every day, that's okay! Pick one or two of the passages and start there; that's fantastic! Don't give up just because you missed days or feel overwhelmed by the amount of reading. If you missed, jump back in. If it's too much reading, pick a single passage per day. Start with what is appropriate for you, and go the whole 12 weeks. We are working to establish a daily habit, not just check boxes.

- **Each passage is approximately 30 verses long.** All the passages together take about 15 minutes to read, and you can read all of them each day, or only some! They are all more or less the same length.

- **Pray that the Lord stirs your affection for His Word.** Our souls were designed to delight in the words of our Creator! Even so, sometimes reading the Bible can feel like a chore, and we need the help of the Holy Spirit to love the things we ought to love. As you go, be praying that the Lord would soften your heart to treasure His Word, and that He would order your desires so that scripture becomes as vital to your day as food and water.

- **Find a crew.** You can absolutely complete this plan alone, but we are excited to be reading the same portions of scripture together as the Body! This puts us all on the same page, literally, for the next 3 months. Find people to discuss passages with, see what the Spirit revealed to them, or what prompts the Lord is giving them for prayer. Reading with a group gives us extra eyes into what the Lord is doing and working in His people during this time.

- **Study well.** If you are at a point where you would like to do a deeper study of one or more passages, we recommend the CIA method as taught in our Bible Literacy classes:

Comprehension (What does the passage say?)

Interpretation (What does the passage mean?)

Application (How does the passage change me?)
