Dear Chad Support Team,

May the peace and joy of our Lord and Savior Jesus Christ be given to you in the name of Jesus Christ.

Please allow me to say that I am writing this fifth Report of 2026 with a slight delay. This delay is due to the fact that I intend to include the students' return to the Center and the report on funds sent for the purchase of computers for the Center. Indeed, as in previous terms, the students completed their internships and holidays successfully. During this holiday period, six lives were saved; three in Bongor Vanguir and three in Bouada. However, we regret the fact that all the students did not return to the Center on June 7th. Since it did not rain during the holidays, and only started raining two days before classes resumed, two students stayed behind to sow their fields before returning to school. We are truly sorry for this delay. Classes resumed without any problems.

Regarding the funds for purchasing computers, these funds allowed us to buy six desktop computers, make three long tables, six office chairs, and buy power strips and an electrical current regulator. The report is delayed because we were waiting for these machines to be installed. Here is some information regarding the activities for May 2026. Thank you for your patience.

Moundou, June 13, 2026. In Christ, Datoudji.
