1) Discuss with your group how to define and identify pride. Then do the same with humility.

2) a. What situations in Naaman's life helped to build an exceedingly strong sense of pride within him?

b. What negative effects of pride have you observed in your own life or in others you have known?

3) a. What six situations did the Lord bring about to help Naaman recognize his pride problem?
(If you need some hints, see verses 1, 3, 7, 10, 12, 13)

b. In verses 14-19, how did Naaman demonstrate, in several ways, that he was learning about humility?

4) a. What similarities might you see in Naaman's story and Saul's story in Acts chapter 9?

b. Describe how you believe the Holy Spirit was influencing those two men.

5) It has been said that humility is the distinguishing feature of a true disciple of Jesus Christ. If that is so, how can we cultivate this valuable quality?
