Jesus…In the Gospel of Luke
The One and Only Great Foundation

Luke 6:46-49

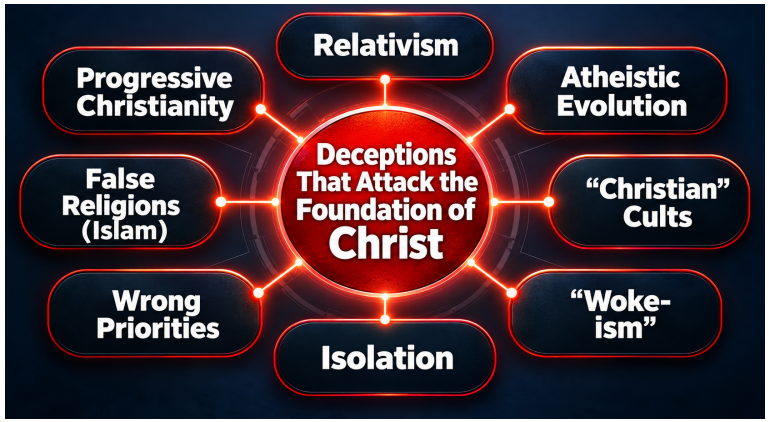

Pastor Mel Svendsen
October 25, 2026

Bottom Line:
There is one and only one great foundation which is Jesus Christ and His truth. All other belief systems that contradict Jesus are shifting sands and ultimately lead to a devastating and destructive collapse. The only logical conclusion is to trust and obey Jesus Christ!

1. The only true foundation is Jesus Christ, therefore, we must trust and obey Him!
Luke 6:46-48;Matthew 7:24-27

A. Dig deep and commit time to "prep"
2 Tim 2:15; Psalm 119

B. Build with the right materials.
1 Cor. 3:9-14

2. The calling we have is to not only build on that foundation but protect it! Luke 6:48

Common Deceptions (Shifting Sands):

Relativism: truth, morality, and right and wrong are determined by individual opinions, cultural standards, or personal experiences rather than by an objective standard established by God.

Atheistic evolution: explains the origin and development of life through natural processes without acknowledging God as Creator or divine purpose as the foundation of existence.

Progressive Christianity: reinterprets or revises traditional biblical teachings in response to contemporary cultural values, particularly regarding Scripture's authority, human sexuality, the uniqueness of Christ, sin, and salvation.

"Christian" cults: use Christian terminology or claim to follow Jesus but significantly distort essential biblical doctrines, particularly the identity and Deity of Christ, the nature of God, and the way of salvation. Such groups may deny Christ's full deity, add human works or religious requirements to His finished work.

False religions: belief systems that lead people away from the true God as He has revealed Himself in Scripture and promptes spiritual truth or salvation that contradicts the biblical gospel. They teach that people can earn salvation through good works, rituals, or merit

Woke-ism: refers to the redefining of historically held values and morals and the breaking down of historical social and sexual values making personal experience and definitions the ultimate authority,

Wrong priorities: when people place temporary pursuits, personal ambitions, material possessions, entertainment, relationships, or worldly success above God and His purposes for their lives

3. The only outcome of building on a bad foundation is a devastating collapse!
Luke 6:49

Conclusion
