The Blessings of Abraham

Galatians 3:6–9, 14, 26–29

"So all who put their faith in Christ share the same blessing Abraham received because of his faith."

— Galatians 3:9

Big Idea

We are saved by faith as Abraham was, and in Christ we become Abraham's true children and heirs of God's blessing.

Abraham Believed God

- Abraham was counted righteous because he believed God.
- Salvation began with faith, not human effort.
- We are made right with God the same way—by trusting His promise.

Grace, Not Human Effort

- Paul warned the Galatians not to mix the gospel with rule-keeping.
- We do not earn salvation by being "good enough."
- God gives His Spirit and salvation by grace through faith.

Who Are Abraham's Children?

- The true children of Abraham are those who belong to Christ.
- In Christ there is no Jew or Gentile, slave or free, male and female.
- God's family is built on faith, not ethnicity.

The Blessing Comes Through Christ

- Jesus is the promised offspring through whom blessing comes.
- Through Christ, believers receive the promised Holy Spirit.
- What God promised Abraham now reaches all nations through the gospel.

What Blessings Do We Share?

- Friendship with God and a personal relationship with Him.
- A fruitful life shaped by God's favor, purpose, and protection.
- Power to bless others and advance God's kingdom.

Talk About It

1. What does Abraham teach us about faith?
2. Why is salvation by grace through faith such good news?
3. What does it mean to be a true child of Abraham?
4. How can God use your life to bless others this week?

Family Challenge

Read Galatians 3:6–9, 14, 26–29 and Genesis 12:1–3 together. Have each person name one promise of God, one way faith grows, and one way your family can be a blessing this week.

Prayer

Father, thank You that we are saved by grace through faith in Christ. Teach us to trust Your promises like Abraham did. Help our family walk in Your blessing and become a blessing to others. In Jesus' name, amen.
