

SETTING PERSONAL GOALS BY FAITH

(TRANSFORMED - Romans 12:2)

Welcome to TRANSFORMED, NCFE's Fall 2022, nine-week, churchwide journey with Jesus to have the seven most important areas of our lives be forever changed by God. It is the life-enhancing power of God's Holy Spirit, using the truth and wisdom of God's Holy Word, that will make it all happen! Our foundational verse for this new teaching series is **Romans 12:2** - *Do not conform to the pattern of this world but be transformed by the renewing of your mind.* And why desire this transformation? The rest of **the verse** gives us that answer ... *Then you will personally experience, and clearly show to others, that God's will for our lives is ultimately good, acceptable, and absolutely perfect!* Listen & look: our culture and our church (just like all churches) are greatly suffering from the aftereffects of the pandemic. COVID messed with us. It hurt us in far too many ways. As Christians we must not lose hope, give in to despair, doubt Jesus, or bail on His church. Rather, now more than ever, we need transformative renewal from Jesus. And that is what we're going to get as we seek God to transform our spiritual health, physical health, mental health, emotional health, relational health, financial health, vocational health. I'll be honest with you, I need this. I hope you'll be honest with yourself and admit, you need this too. Now together, let's be TRANSFORMED. Today we'll learn that *it all starts with setting the right personal goals.*
