

COMMON GRACE

"Common Grace" is such a fun-filled, faith driven group! Our church enjoyed every moment with them, from the amazing music, to the funny commentary, to the great conversations after the concert. The group had us singing, clapping and just enjoying the musical talent that God has given them. We would highly recommend inviting this group to your church, you will be so uplifted and will be so engaged during the whole program. Our church was so very blessed to have them here celebrating God with us! We look forward to them coming back in the near future.

"Having "Common Grace" come and share their music with us was an incredible blessing. Not only did they put on a fantastic concert, but they helped us reconnect with the joy of our faith. Everyone left feeling uplifted and refreshed in a way we didn't even know we needed. Gary and his team were so wonderful to work with and we can't wait to have them back again"
