EVANGELISTIC AND MINISTRY REPORT

Dear elders, leadership, and brethren in Christ:

Receive warm greetings in the name of our Lord Jesus Christ. I am thankful for the opportunity to present a brief report concerning the evangelistic and ministry work carried out during the month of April in Ciudad Quesada, Costa Rica.

Throughout this month, efforts continued in preaching, Bible teaching, personal evangelism, counseling, congregational edification, and spiritual support. The primary objective remains the faithful proclamation of the gospel and the strengthening of the church according to the New Testament pattern (2 Timothy 2:15).

Evangelistic Work and Visitation

Evangelistic efforts continued through personal visits, follow-up with contacts, and conversations with individuals interested in studying the Scriptures. Visits were also made to sick brethren within the congregation in order to provide encouragement, prayer, and spiritual support.

Emphasis continued on teaching the authority of Scripture, obedience to the gospel, and the restoration of New Testament Christianity.

Preaching and Teaching

During April, I participated in preaching and teaching activities within the congregation, including sermons, Bible classes, and spiritual edification efforts. Work also continued as a teacher with World Bible School (WBS).

In addition, preparation continued for an expository teaching series through the book of Acts, focusing on the missionary work of the early church.

Bible Studies and Spiritual Follow-Up

Several Bible studies and spiritual follow-up efforts continued during this month. Among those receiving studies or continued instruction were:

- Marta Campos
- Yusep Barquero
- Allan Montero

- Ana Guzmán

The studies focused on the plan of salvation, biblical faith, obedience to God's will, and the identity of the New Testament church.

Biblical Counseling and Spiritual Support

Biblical counseling and spiritual guidance were provided to several individuals and families, including:

- Sergio Sánchez
- The González Martínez family
- Maritza Fernández

These efforts focused on spiritual encouragement, family guidance, emotional support, and biblical instruction for personal situations.

Congregational Development and Ministry Projects

Work continued in congregational edification through fellowship activities, teaching opportunities, and leadership preparation efforts.

Additional ministry projects included:

- Development of biblical counseling materials
- Preparation of doctrinal teaching resources
- Planning future evangelistic and digital teaching efforts

Goals and Prayer Requests

Current goals include:

- Increasing personal Bible studies
- Continuing the Acts teaching series
- Strengthening biblical counseling efforts
- Training future leaders within the congregation
- Expanding evangelistic outreach opportunities

Thank you sincerely for your prayers, encouragement, and continued support in the Lord's work. Please continue praying for wisdom, open doors for evangelism, and spiritual growth within the work here in Costa Rica.

In Christ,

Luis Diego Villalobos
