THINKING ABOUT *buying* or *selling?*

My Story in Real Estate

My journey in real estate began with a passion for helping people — not just with homes, but with life-changing decisions. Over the years, I've worn many hats: Realtor, trainer, mortgage loan officer, closing agent, educator, and trusted advisor. Each role has shaped me into the well-rounded professional I am today.

I've guided buyers through the excitement (and sometimes nerves) of finding their first home. I've helped families upsize, downsize, and right-size, and supported sellers as they prepared for the next chapter in their lives. I've also trained and mentored new agents, teaching them how to build their business with integrity, professionalism, and heart.

My early years were rooted in appraisal, credit counseling, mortgage lending and title services — working behind the scenes to get loans approved, files closed, and families into their homes. That experience taught me the importance of accuracy, communication, and staying calm under pressure. It also gave me the advantage of truly understanding every step of the process, from pre-approval to closing table.

Later, I transitioned fully into real estate sales and new construction, where I managed projects for a local builder and helped bring brand-new homes to life. Along the way, I built lasting relationships with clients, colleagues, lenders, and community leaders — connections that still serve my clients today.

Throughout my career, I've remained deeply committed to educating others — whether it's walking a client through the fine print of a contract or standing in front of a room full of first-time buyers at a homebuyer seminar. I've also had the privilege of training and mentoring over 75 newly licensed Realtors, helping them gain the skills and confidence to succeed in this ever-changing industry. I believe knowledge builds confidence, and confidence makes the whole process less stressful and more successful.

Real estate isn't just my profession — it's my calling. It's the combination of problem-solving, listening, negotiating, and caring that continues to inspire me every day. Whether you're buying, selling, or just exploring your options, I'm here to guide you with patience, experience, and a genuine commitment to doing what's right for you.

For me, it's never just about the property. It's about the people, the goals, and the opportunity to help make it all come together.

I'd be honored to assist you!

DISCOVER youth

It is our focus to support our church community and the businesses we have within our church. Thank you to the many businesses who supported our Youth program through participation in the 2026 Discover Church Business Directory.

I'd like to extend a special word of thanks to our "Corporate Sponsors" in this year's edition,

- Stephanie Sosa with Keller Williams
- Kevin Garde with Keller Williams & Voyage Home Loans
- Dr. Jeffery Sabatino with Mequon Vein & Milwaukee Laser & Body Aesthetics
- Joe Till with National Benefits Group.

The involvement of every business helps to reduce the costs for all of our youth who participate in events like the Fine Arts Festival and in giving to missions through Speed the Light. The Youth program could not accomplish what it does without your encouraging support.

It is our desire to see this directory become a great benefit to all of those who advertised in this as well as to those in our congregation who choose to use them. Please solicit these businesses as an expression of gratitude for their support of the Youth programs.

in the perfect home...

"Stephanie Sosa is a FANTASTIC realtor and person. I have purchased and sold with her, and both experiences made me feel truly valued. If there was part of the deal that started to fall through, Stephanie went above and beyond to make it happen. I can't say enough. Stephanie is the best!"

Tyler Jensen

It was a joy working with Stephanie Sosa. She gave more than 100% of her time and talent. She listened to what our wishes were for a new home and guided us in selling our home. She was available day and night for the MANY questions we had. We would recommend, and have, to anyone selling or buying a home. 5 star rating. Thank you Stephanie for making this very emotional situation go so smoothly. Every T was crossed and I dotted. Nothing was missed.
