OUR PERFORMANCE

2022 was a busy year for Hardbarger Impact Ministries. Like everyone in the community, we have worked hard to counteract the affects of inflation on our efforts.

Bed Brigade served numerous families in 2022 by providing 65 beds to those in need. To date we have had the opportunity to share the Gospel and lift over 800 people in our community off the floor!

God's Garage has begun to start servicing more requests. We continue to have a long waitlist for this ministry and need continued funding to help fulfill these requests. For 2022 we serviced 4 vehicles and donated 1.

HIM Homes will be our newest ministry and though it has been delayed, we are looking to officially launch sometime in late 2023. HIM Homes is a homeless ministry that provides shelter and life restoration to homeless individuals. Keep an eye out for more information on this ministry!

HIM Mobile is launching this year! HIM Mobile takes HIM on the road to meet the needs in our community. Our goal with this ministry is to service the many home repair requests we receive each year and to eventually branch out into disaster relief.

2023 GOALS

Bed Brigade: As with every year, our goal with this ministry is to fulfill all requests that we receive.

God's Garage: As we pick up speed, we hope to make a significant dent in our waiting list this year. With potential funding on the way we could get caught up this year.

HIM Homes: This ministry is still in the beginning stages. We are collaborating with different organizations to bring this vision to reality. Our goal is to have a rough prototype and rough draft of our program by the end of the year.

HIM Mobile: Our goal is to launch HIM Mobile during the Summer of 2023. We would like to service 7-10 families this year with a goal of servicing 20+ families next year.

THANK YOU TO OUR PARTNERS!
