Studying the Bible Reading Plan

This is a chronological Bible reading plan that guides kids through the entirety of Scripture while skipping over some of the narratives and commands that are more sexually explicit or grotesquely violent. We have worked hard to develop a plan that is faithful to the narrative of Scripture and also developmentally appropriate. We know that each child is unique in his or her temperament, personality, strengths, and weaknesses. So, we encourage adults to read each portion of Scripture ahead of time, to ensure the chapters are developmentally appropriate for the children in your care.
