The 5th and 6th Trumpet Judgments

Revelation 9

Introduction: In This morning's message I want to look at two very frightening judgments that will take place upon the earth during the latter part of the tribulation period. They are called the 5th and 6th trumpet judgments. As you know there are 21 different judgments that will be poured out on the earth during the tribulation period. They are the 7 seal judgments, which are followed by the 7 trumpet judgments and then the 7 bowl judgments. As I was reading through the different judgments, in preparation for my message I came to Revelation 9 where the Apostle John describes for us an angel coming down from heaven who had been given a key to the bottomless pit or what is also called the abyss. As the angel opens up the abyss a great smoke arises like that of a great furnace. This morning we'll look at what is in the bottomless pit and what is released when the angel opens it.

OUTLINE:

I. These locust-like creatures are demonic fallen _____ that have been confined in the abyss for thousands of years.

II. These demonic beings are kept from _____ those who have the seal of God on their foreheads.

III. The torment lasts _____ months, causing such misery that people will desperately seek death but will not find it.

IV. The king of the demonic army is named Apollyon, which means The _____.

V. Judgment alone does not _____ the heart of man.
