

Dr. Josiah Valk, _Class of 2011

“I am writing this letter to express my support and endorsement of Trinity Lutheran Church and School. I am currently an Orthopedic Surgery resident physician at Corewell Health in metro Detroit and a graduate of Trinity Lutheran School (1st through 8th grade). As I reflect on my journey, I have a debt of gratitude to Trinity Lutheran. My education there was an excellent foundation that prepared me well for high school and beyond. Small class sizes allowed for individual attention and unparalleled personalization of my education and curriculum. The faculty and staff were incredibly supportive. I recommend them without reservation.”
