

Emma Hasse- Class of 2017 (Currently attending Lake Michigan College. After graduation with an Associates Degree, she will major in business at a 4 year university.)

“Trinity has shaped me into the woman I have become today. It prepared me for the upcoming challenges in high school and college. I have learned more at Trinity than any school I have been to, and I have met some of my closest friends there as well. I pretty much grew up at Trinity, and that’s where my spirituality started. I have learned to speak confidently about Jesus and my faith, and I continually use the lessons I learned to help others grow in their faith with me. Trinity shaped me, and I would go back again, if I could.”
