

John Reck, Class of 2002 (Project Engineer, Crystal Falls, MI)

“Going to Trinity Lutheran School from preschool through 8th grade not only prepared me for high school, but it prepared me for life after high school. With the culture/lifestyle that is portrayed as the “right” way to live by today’s society, having an excellent ethical foundation is essential. Trinity Lutheran School provided me with this foundation. They taught me how to treat people with respect, helped me to see what is right and what is wrong and the difference between the two. Trinity showed me what to do in tough and unpleasant situations, pray. It taught me to forgive and love thy neighbor as thyself. Lastly, Trinity Lutheran School taught me that God is in control. No matter how good or bad things are going, He has a plan for you. It may not be what you want at that point in time, but in the end, He is in control, and He will provide.”

(Mrs. HIndenach, if any parents or potential students are on the fence about going school at Trinity and would like to talk to an alumni, please feel free to give them my phone number, and I would be happy to talk to them. Have a great school year and let me know if you need anything else. Thanks, John-February 17, 2023)
