

MARCH 31, 2026
BARBIE WORLD
PART TWO

MY BODY MY CHOICE

YOUR BODY IS _____ BY GOD

Your life isn't **random and meaningless**. You have **value** because you were designed by God on **purpose!**

YOUR BODY _____ TO GOD

You don't get to make **choices** with your body that **Christ** would not choose.

YOUR BODY IS MEANT FOR GOD'S _____

Use your body for the **goodness** of God and not the **selfishness** of your heart.

SMALL GROUP DISCUSSION

1. Where do you hear the message "my body, my choice: the most?"
2. What do you think it means that "you are not your own?" How should that look in your own life?
3. Why do you think culture treats life in the womb differently than life outside the womb?
4. What is one way in which you use your body, that is the most difficult to say to God, "this belongs to you?"

Challenge for the week: "Think about ways you could join the pro-life movement and encourage more people to let God have his way with their bodies"

BARBIE WORLD 2: MY BODY MY CHOICE

Transition: So the question on the table tonight is simple: Do I belong to myself... or do I belong to God?

YOUR BODY IS CREATED BY GOD

*LEADER: Look at **1 Corinthians 6:19** again. Notice it says... your body is from God. Before your body was ever yours... it was God's idea. You didn't design it. You didn't build it. You didn't choose it. God did. Look at what God says about you in **Psalms 139:13-16**. Your life began before you were even formed in your mother's womb. You had value from God as you were growing in your mother's body. Someone else didn't assign you value... God did... before you were even born!*

Illustration: Imagine I created an awesome work of art and I was showing it off in a gallery to anyone who wanted to come by. I was so proud of it... I loved it... I wanted everyone to know about it. And then some person off the street comes up and says... dude, that's crap! That has no value whatsoever! Do you think that would hurt my feelings? Sure it would. Why? Because value comes from the creator!

LEADER: If God creates life and value to that life in the womb... then life has value from the very beginning. It has nothing to do with timing or convenience... it has to do with the fact that God made it!

Your life isn't **random and meaningless**. You have **value** because you were designed by God on **purpose**!

YOUR BODY BELONGS TO GOD

*LEADER: The Bible doesn't just say that God created you. Look again at **1 Corinthians 6:20**. Jesus paid for your body. You were dead in your sins and headed for an eternity without God... but Jesus came in and paid the price to set you free with his own blood on the cross! So now your body doesn't belong to the culture, or your feelings, or even yourself... it belongs to God. **Galatians 2:20** says... I no longer live, but the life I live I live in Christ.*

Personal Illustration of how your life has looked different than before, since you came to Christ.

LEADER: Where do we get off thinking we can do whatever we want with our bodies... when we've surrendered our bodies to Christ? So anytime you are about to do something.. ask the question.. is this what God would want me to do with my body? If the answer is no... don't do it. I think the clear answer is this... God would never want you to murder someone with your body would he?

You don't get to make **choices** with your body that **Christ** would not choose.

YOUR BODY IS MEANT FOR GOD'S GLORY

*LEADER: Look at **verse 2:20** again. Think of it this way. Everything you do with your body... should be an act of worship. Meaning... it brings glory to God in some way! If playing video games... don't play games that defame Christ... but share the Gospel with your friends. If music... listen to music that glorifies God. If television... watch something that points to the goodness of God. And if there is something that you do that says... no way does this glorify God... don't do that.*

Use your body for the **goodness** of God and not the **selfishness** of your heart.

Transition: Tonight we have a special guest who wants to share her story about abortion and a ministry that we have here at Stone Creek to help anyone struggling with this issue.

BARBIE WORLD 2: MY BODY, MY CHOICE - Intro

Barbie world is fake. Barbie world is not real. It's the imagination of what those who are far from Christ want the world to be.... what they want you to be. If they are fake... if they are plastic... they want you to be fake and plastic too! That means... they want you to embrace "Main Character energy" and make it all about you. They want you to live the "Selfie" life! But What does God say about that? He says death to selfie! He says, if you want to come live the real life, then you have to what? DENY YOURSELF, take up your cross, and follow me! Guess what guys... in the real world... its not about us! It's not all about you! You are not the main character... Jesus is! And he says, the first two rules of being true to yourself is this... Love God and Love others! He never says... love yourself!

Isn't that one of the main messages of the world... love yourself? And don't get me wrong... Jesus wants you to accept yourself for who he made you to be... he wants you to have a good healthy self-esteem. He doesn't want you to think too lowly of yourself neither does he want you to think too highly of yourself. He wants you to think of yourself as one who is loved by God.

But the world says to love yourself. Meaning... do whatever you want to make yourself feel the most amount of pleasure and happiness that you could ever feel. Life is about your experience. Anything that makes your life less happy... get rid of that right now. Whatever you want to do with your body... do it. It's your body! Your body, your choice!

Except there's a big problem with that. It's fake! It's not real! God says this... **1 Corinthians 6:19-20**. If you are a believer in Christ... then that body isn't yours. You've been bought with the blood of Jesus... so now you use your body for what? For your own pleasure? Your own purposes? No. You use it for God's Glory! Your body is His body... for his glory!

Contrary to what the world tells you. **Freedom is not doing whatever you want with your body. Freedom is using your body for God's glory!** Tonight we are going to see three reasons why it's not your body and not your choice. And in that we are going to explore one of the hardest to talk about issues in our culture today; abortion. Not with anger or shame, but with truth and compassion.

And I know that some of you may already have strong opinions about this issue. All we are asking is that you be willing to let God change your mind. Do you belong to yourself, or do you belong to God?
