

# SENT *LIVING A LIFE THAT INVITES OTHERS TO JESUS*

**Heather & Ashley Holleman**

**8 weeks | Book study**

## RECOMMENDED RESOURCES

- Copy of "Sent" book
- Journal for personal reflection
- Bible

## DESCRIPTION

As disciples, we are called to share the good news, but we don't all feel gifted in evangelism. This study equips us to share our faith as a natural part of our daily life and rhythms.

In this study, we will learn to embrace evangelism as a part of our God-given identity as a disciple. We'll find fresh motivation for evangelism as a way to connect with God as he invites us to take part in his work of bringing people to himself. And we will be equipped with simple, practical steps to engage in gospel conversations with those God brings into our lives.

## Individual Study

- Journal responses to discussion questions and 'Steps of Faith'

## Group Time

## Group Experience (Weeks 5-8)
