DESCRIPTION

We want to be disciples who grow in right thinking and right practice. We want to both grow in our knowledge of what Jesus taught and go as followers who do what Jesus modeled.

This study equips us to glorify God in every part of our lives as we dive deeper into 8 theological topics. As disciples, we will grow in our understanding of doctrinal truth in a way that is accessible and practical. As disciple makers, we will discover simple ways to apply those truths to our daily lives and to more fully embrace our role in the mission of God.
