Serving as a Family Suggestions

Here are some things to lead your child to be a Christ-like servant leader in our community! We're focusing on doing some maintenance work at a local cemetery.

- First contact the cemetery manager to see if your idea is acceptable.
- At a family plot or a plot area the cemetery might recommend, you can do the following:
  - ☞ Use soft-bristled brushes or old toothbrushes to remove lichen and moss from grave markers.
  - ☞ Use cleaning cloths or rags with a bucket of water to wipe off dirt or dried grass from markers.
  - ☞ Place nice flowers at graves or remove old flowers or leaves from graves.
  - ☞ In honor of Veterans Day, place a small flag at the marker of a soldier.
