Connect With One Another

- **Icebreaker:**
  What is a lie you are struggling not to believe?

Look at the Scriptures

- In **Romans 6:1–4**, Paul explains the relationship between God's grace and the way we live. How would you describe that relationship in your own words?

Apply to our Lives

- Have you ever caught yourself trying to pay God back through guilt, performance, or keeping score of your righteous acts? What helped you return to responding to God out of a relationship with Him rather than trying to earn His favor?
- **Romans 6**, **Titus 2**, and **2 Peter 1** describe how our response to what God has done for us should involve turning away from sin, saying no to ungodliness, and making every effort to grow in Christlikeness.
  In light of these passages, think of a specific example as you answer the following questions:
  - Where in your life is this already happening?
  - Where in your life does this needs to happen?

Pray for One Another

- Pray that we would not only receive God's gift of grace but also respond by walking toward Him.
