

Traces of Grace

Exodus 34:6, Ephesians 2:1–10
September 20,
Pastor Brad Henderson

Connect With One Another

- **Icebreaker:**

What is a small or simple thing you are always grateful for?

- **Sermon Question:**

What did you hear on Sunday that made you think, "I need to do something differently?"

Look at the Scriptures

- How does **Ephesians 2:1–10** help you see more clearly the grace of God? Make three observations from the passage.

Apply to our Lives

- Can you remember the first time in your life when you experienced grace? How did that experience shape the way you think about grace and about God?
- When we confuse grace with our own merit, we can begin to think that God owes us something. In what areas of your life are you most tempted to think that God owes you something?
- One way we can respond to grace is by becoming more grateful toward God. When you think about your life and your current circumstances, what is something you need to become more grateful to God for?

Pray for One Another

- Pray through **Titus 2:11–14**, asking God to shape you more and more through His amazing grace.
